# Teacher Guidance

Give each child a clock face - numbered or unnumbered to suit the needs of the child.

In the middle of the clock face write the times table to be used.

Give the children a minute to write the correct multiple round the clock. [ vary the time allowed to suit the children's needs.]

Suitable for whole class or small groups.

Variations: change the positions of the numbers 1 to 12 round the clock.

Ask a child to use 2 times tables EG 4 and 8

See examples on Slides 6 and 7.
