

Y5/6 Word Class Bingo Game

Bingo Guidance

This pack contains 28 bingo cards, a sample call sheet and a blank call sheet.

You may wish to revise the meaning of each word class before the game starts.

If you use your own words remember to record them on the blank call sheet.

Call out a word; the children identify the word class and if that word class is on their sheet they write the word in the square. You may want to display the word too.

Play using standard Bingo rules.
