ADDITION PATHFINDERS - Adding 3 digits and ones Sheet 3

1

START			
305	2	1	6
4	9	8	6
4	8	1	2
1	2	3	330

FINISH

Find a path from the START square to the FINISH square by adding numbers which touch the square in the horizontal or vertical direction. NO DIAGONAL ADDITIONS ARE ALLOWED. Shade in the squares that you use.
For example to 305, 2 or 4 could be added but not 9.

How many different paths can you find? Write them here:

2

START			
876	2	5	7
7	2	1	5
6	3	2	7
1	5	3	900

FINISH

How many different paths can you find? Write them here:
